Social Work Employment Services is an umbrella company that employs contractors to carry out temporary assignments as their own employees with continuous contracts of employment.

We provide HMRC compliant payroll and employment services to meet off-payroll regulations (IR35) and we're audited and accredited by Professional Passport, the UK's largest assessor of payroll solution compliance.

Bound by BASW's Code of Ethics, we also have a formal recognition agreement with the Social Workers Union (SWU) to ensure greater protection of agency workers' rights.

Why join?

Our service was created by social workers so we have a unique understanding of the needs of those working in the sector.

We're committed to a fair, competitive price, and donate any surplus back into BASW membership services.

What's more, members have access to a range of insurances as well as courses, events and networking events as part of their BASW membership.
